

# We Are Different

## Let's Begin

*What is your favourite dish? What is your friend's favourite dish? Do you both have the same favourite dish?*

We all have some special features that make us different from each other.

Look at Ritu and her friend Mary

Ritu's colour is brown.

Mary's colour is white.

Ritu has black eyes.

Mary has blue eyes.

Ritu is tall.

Mary is short.

## Quick Quiz

Can you write down two more differences?

Ritu's hair is brown.

Mary's hair is \_\_\_\_\_

Ritu is big.

Mary is \_\_\_\_\_

## How different are animals

Look at the picture of Rohan and his dog Moti. There are a number of similarities and differences between the two, for example, both Rohan and Moti have two eyes. But do they have the same number of legs as well?

Find out more by ticking (✓) the correct statement and crossing out (X) the wrong one.

- Both have two ears.
- Both have hair on their heads.
- Both have one tail.
- Both have four legs.
- Both can talk.

II. Fill in the blanks using the words from the box.

black   dark   thin   tall   long

1. Some people are fair, others are \_\_\_\_\_.
2. Some people are fat others are \_\_\_\_\_.
3. Some people are short others are \_\_\_\_\_.
4. Some people have blue eyes others have \_\_\_\_\_ eyes.
5. Some people have short hair, others have \_\_\_\_\_ hair.

## LET'S DO MORE

### Activity

Draw two people who look very different from each other.

### Explore

Ask your teacher/parents to tell you about the similarities they have with you. Note down what they say and share it with your friends.

### Group Discussion

Make a group of five children of your class. Ask them to note down the things they do everyday. Compare your lists and find out the activities that all of you do each day.
